

# Sage

**Improve the quality of your data and customer experience with our Sage 50 Accounts and Instant Accounts integration**

Enhance Sage with address validation, phone validation, email validation and bank validation in minutes. Our complete Sage plugin technology adds address validation functionality to all address entry screens and validates telephone numbers & emails wherever they are entered. Bank account numbers and sort codes are validated and bank addresses are automatically populated based on the sort code. IBAN and BIC numbers are added automatically.
